## Things of Interest

- Enjoy hiking on our trails. The dirt road that goes behind the Ponderosa and by the Archery & Riflery Range is about a mile long. This is a well defined path and easy to follow. There are other well defined paths that loop off of this main trail if you want a longer walk. Some are better than others. If you are unsure, please stop by the office and ask for more information.

If you're walking a trail and see horses with riders, please step to the side and stand still. Allow horses and riders to see you. Horses always have the right-of-way so please allow them to pass and follow any instructions the Wranglers give you. If you come to a gate that is closed or a rope across the trail, this might mean they are getting ready to "run" the horses to pasture. Please do not enter any field or path that has been closed off.

- Critter Corral is our small farm animal area. You'll find miniature horses, sheep and goats. (Sheep and goats are usually allowed to roam freely. If they become a nuisance, please let us know.) Please do not feed horses by hand. They learn quickly to expect treats and therefore begin to bite. If you would like to give them grass, please place it in their feed tubs
- Our Camp Store ("Trading Post") has drinks, snacks and souvenirs. If your group would like to have it open, please stop by the office and let us know.
- The Game Room is attached to the Camp Store and is always open for your enjoyment (the "Trading Post").
- The Basketball Court is open if not reserved by a group. If you want to use this area at night, we will be happy to show you where the lights are located. Please turn lights off when you leave the area.
- Israeli Dodgeball (or Gaga Ball) and Nine-Square are also available if not reserved by a group. Balls are located at the Basketball Court; please return them when you are finished. Israeli Dodgeball pit is located by the Pond, and Nine-Square is located by the Sports Pavilion.
